## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. Claims 1-23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Lines 1-2 of claim 1 call for the integrated circuit to comprise “ a two-dimensional pyramid filter architecture” but architecture fails to define structure. Architecture doesn’t receive “input signals”. Furthermore the architecture fails to be defined. The three structural elements recited in lines 4-6 fail to be related to the “architecture” and interconnected. Lines 7-13 are indefinite because “architecture” does not produce “output signals”. Also it is unclear as to how the one and two dimensional filters of lines 9-13 are related to the one and two dimensional filters of lines 5-6. Claims 12, 16 and 20 contain deficiencies similar to claim 1.

### ***Allowable Subject Matter***

2. Claims 1-23 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

*Specification*

3. A proper abstract is required.
4. The status of the application referenced on page 2 is required to be updated.

*Conclusion*

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to David H. Malzahn whose telephone number is (703) 305-9762. The examiner can normally be reached on M-Th from 7:30 to 6:00.
